

25 September 2007

Dear Client

The Port of Auckland have advised of there intention to introduce a Vehicle Booking System (VBS).

The proposed start date is 15 October 2007 (at Fergusson Terminal only at this time). Full production of the VBS will be effective 01 February 2008.

The reason for the introduction of the VBS is to maintain good truck turn around times (less than 30 minutes on average) based on future projected increases in volume through the Port.

### Costs

The first few months are free. From 01 February 2008 proposed charges to be implemented by Port of Auckland will be:

- \$5.00 per container slot
- \$100.00 for no shows
- \$10.00 for Road Office Booking
- \$25.00 out of time-slot fee

Further information on the VBS can be obtained from your regular Mainfreight International contact.

Thank you
