

We are very proud to announce the opening of Mainfreight 's airfreight office located at Brussels airport.

Being located at the logistic heart of Europe , Mainfreight Bru will offer its customers a wide range of supply chain services.

Brussels is Europe's favourite airport for non home-based full freighters and is ranked 4th among European cargo airports in scheduled full freighters.

Along with the excellent accessibility we offer fast connections and direct access to a dense, toll-free road network.

Brussels cargo airport, some figures:

- More than 770.000 tonnes of freight
- 18 cargo airlines and 82 passenger airlines
- 74 movements per hour

The Bru Mainfreight team is very eager to provide our customers and team members the best quality service!
